Affects versions:	None
Fix versions:	None

Type:	Bug	**Priority:**	Medium
Reporter:	Animesh Ghosh	**Assignee:**	Unassigned
Resolution:	Unresolved	**Votes:**	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original estimate:	Not Specified		
Environment:	1. Chrome Browser(version:12344) 2. Windows 10 ,11		

Description

Step to Reproduce

1. Open the login page
2. Navigate to the login form at the top of the right
3. Enter the valid username (user1) in the username field
4. Enter the valid password (pass1) in the password field
5. Click on the login button
6. Now go to the book renewal page.
7. Add valid book id(65423) write on the top of the book.
8. If you add more than one book in you renewal add the books
9. Now click on the renew button.

Expected Result: After clicking on the renew button user should successfully renew the book and go to the system and redirect to the homepage of the website.

Actual Result: After clicking on the renew button,the application is getting crashed again and again .
